What Do You Think of This?

Of All the \$37.50 Buggies We Have Sold

Not a Single One

Has broken down. It is the wonder of our competitors because they cannot truthfully say as much of their \$50 and \$60 buggies. Because they cannot afford to sell such a buggy for that money, they claim that \$37.50 buggies are no good. But if a buggy stands up under hard use what more do you want?

Here it is. Nicely finished. good material and only \$37.50.

We have the nicest thing you ever saw in a light one-horse surrey. It is a beauty. If you need anything in the way of a surrey come and see this one. We can save you from \$25 to \$30 on this job.

REFUSED TO PAY.

W. S. Taylor Has a Row With a Conductor.

Finally Paid, After Threatening to Shoot The Street Car Man.

Indianapolis, Ind., Sept. 9.—W. S. Taylor, of Kentucky, now a refugee in Indiana, charged with complicity in the assassination of the late Gov. Goebel, of Kentucky, became involved in a disgraceful scene last night with the conductor and motorman of a street car. He had paid his fare on one of the lines and had obtained a transfer ticket, which entitled him to ride on another line direct to his home if the transfer was used promptly or within half an hour after he received it. When his car reached the Denison House he went in and played billiards until the time limit was up.

STARTED TO PULL HIS GUN. He then boarded another car and offered the ticket, but the conductor refused it and demanded five cents. Taylor said he wouldn't pay another cent. After using soothing words a long time, the conductor stopped the car and called the motorman to help him. Taylor started to pull his pistol. The two men grabbed him and had him nearly put out of the car when he surrendered and gave the nickel, and the affair closed.

LONG LIST

Of Divorce Suits Increased by Addition of Three.

Ollie Harrison has sued for divorce from Thomas Harrison, alleging that defendant abused her and drove her from his home. They were married two years ago and separated on the 6th of the present month, plaintiff states.

Henrietta Reece sues for a legal separation from Charles Reece. Plaintiff says their marriage occurred in Todd county and she alleges cruel treatment. In addition to a divorce she prays the custody of their two children.

"J. H. Duvall vs. Martha J. Duvall" is the style of another divorce suit filed this week. Plaintiff states in his petition that their marriage took place in 1880 and that more than a year ago defendant without fault on his part abandoned him.

BRUTAL NEGRO

Forcibly Grabs Hold of a Young Lady.

Attempted to Pull Her Out of a Buggy Before Several People.

On Sunday night as Misses Mattie and Lizzie Blaine and a little girl were leaving Pee Dee church after services, in a buggy, Miss Lizzie Blaine was grabbed by a negro man who appeared from the roadside. Her brother, Addie Blaine, and a young man named Ben Harrison, were getting their horses as the young ladies started off and they were within fifty yards of the church. The negro grabbed Miss Blaine by the back of the neck and attempted to pull her out of the buggy. Her screams were responded to by the young men just behind who hastened up on horseback as the negro turned and ran away in the darkness. Miss Blaine did not recognize the negro. The affair occurred almost in the presence of a crowd of people who were leaving the church, and it is surrounded by an air of mystery.

LOSS BY FIRE

Falls On Mr. P. P. Huffman, The Miller and Mr. S. E. Trice.

The dwelling house of Mr. P. P. Huffman, at Huffman's Mills, eight miles south of town on Little river, was destroyed by fire Tuesday morning, shortly after the breakfast hour. The fire originated from a defective flue in the kitchen and the roof was on fire when it was discovered. An attempt was made to fight the fire, but it gained such headway in a short while that attention was turned to saving the contents of the house. The house was elegantly furnished and but little was saved. The house was a handsome frame, owned by Mr. S. E. Trice, and the loss was about \$1,800 or \$2,000. The house was insured for \$500 and the contents for \$400.

MR. G. H. CHAMPLIN ELECTED

Mr. Green H. Champlin has been elected Master of Exchequer of the local Knights of Pythias lodge in the place of Mr. Claude B. Smith, who resigned his position as assistant book-keeper for Forbes & Bro. and left yesterday for Cairo, Ill., where he has accepted a position with the Iron Mountain railroad.

TWO VICTIMS

Of Grim Reaper Within Space of Thirty Minutes.

SALOON ROBBED

Safe Blown But Burglars Secure No Money.

Wednesday morning about two o'clock P. M. Drew's saloon at Dawson was broken into and his safe blown open. No money was secured, as the inner door remained firm. Two suspicious looking men who were loafing around the day before are supposed to have done the job, as the work was done by amateurs.

Mr. Jno. Richards received a box of apples this week from his father, who is in Oklahoma. The apples are almost as large as cantaloupes. The fruit crop of Oklahoma is said to be the finest ever raised.

VOTING CONTEST

The Most Popular Lady In Christian County to Be Determined By Ballot.

Beginning Friday, August 29th, a voting contest will be held to determine by popular vote the most popular lady in Christian County. To the lady receiving the highest number of votes we will present a prize not yet determined upon finally, but which will be worth not less than \$100. The contest will close at 12 o'clock, noon, Monday, Dec. 29, 1902. The plan will be as follows:

Every subscriber to the Kentuckian who pays back door or cash in advance will be entitled to cast one vote for each five cents paid. That is to say, a subscriber who pays \$2.00 will have 40 votes, one who pays \$1.00 will have 20 votes and so on for any amount large or small. In every paper published after August 29th there will be a coupon and these coupons when cut out and brought or sent to the office will represent each one vote.

A new subscriber who pays \$2.00 August 29th and receives his coupons from the 35 papers before December 29th will have in all 75 votes to cast for his choice. He will also have the privilege of gathering up coupons clipped by his friends from their papers and voting them one at a time, or by the hundred if he prefers. He will also have the privilege of bringing papers at the office at five cents each and voting the coupons cut from them, as every paper after August 29th will contain a coupon.

Full details of the prize to be awarded will be given in an early issue. In the meantime the contest may begin with the guaranteed assurance from us that the prize will be worth \$100 or more.

The coupon ballots will be deposited in a ballot box with two keys. One of these keys will be held by County Judge T. Fowler and the other by Mayor J. H. Henry. The box will be opened not oftener than once a week, all ballots then in it will be counted and certified to, sealed up in an envelope and replaced in the ballot box. The envelope will contain a statement of the votes in it, so that its contents will not need to be counted again until the official count at the close of the contest.

The last week of the contest the ballots may be deposited without showing them, so that the close of the contest may be secret and exciting to the end.

Further explanations will be given from time to time. The voting will begin at 7 o'clock a. m. next Friday. Who will the ball to rolling?

ANNOUNCEMENTS

We are authorized to announce
MR. WHITE, REEL,
Of Christian County, as a candidate for Railroad
Commissioner in the First Railroad District of
Kentucky, subject to the action of the Democratic
party, Election Nov. 1932.

DEMOCRATIC TICKET

FOR JUDGE COURT OF APPEALS,
JUDGE THOS. J. NUNN,
OF HOPKINS COUNTY.

FOR CONGRESS,
HON. A. O. STANLEY,
OF HENDERSON COUNTY.

The King of Spain is said to be
sowing an unusually large crop of
wild oats this season.

Maine went Republican, as usual,
by 26,000, in the State election
Monday. This is 11,000 less than the
usual majority.

Mr. Hubert Vreeland, of Louis-
ville, is announced as a candidate
for Commissioner of Agriculture.
He is the present assistant to Com-
missioner Nail.

The Panama hat had a brief
reign and is probably gone for
good. It takes away a man's ap-
petite to leave a \$30 hat on the or-
dinary rack, where the first man to
finish eating gets choice of hats.

Thirty-two Alpine climbers have
met death this season. Two of them
this week fell a distance of
600 feet. One man was rescued
who had stood on a narrow ledge
of ice, in an upright position, for
22 hours.

Editor E. B. Walker, of the
Clinton Democrat, has sold his pa-
per to Miss Nannie Catlett, of
Princeton. Mr. Walker has been
in charge of the paper for twenty
years and made it one of the best
weeklies in the first district.

The Elizabethtown News has
moved into a handsome new office
of its own and the paper has re-
cently been enlarged and bears
every evidence of prosperity. Har-
vey Summers is one of the best
newspaper men in the State, and
with his brother Charlie, who is
business manager of the paper,
deserves all the success that is
coming his way.

A big mass-meeting was held at
Music Hall in Louisville last night
to protest against the coming prize
fight in Louisville. It was partici-
pated in by practically all of the
ministers of the city, and hundreds
of citizens interested in having the
law enforced. Protests are being
sent from many counties, asking
the Governor to interfere as Gov.
Brown did on a former occasion and
stop the threatened violation of the
law. So far, all efforts have fallen
dead. If anything is done
at Frankfort to stop the fight, it
will be because public pressure is
made too strong to be ignored—and
it will have to be made mighty strong.

\$100 Reward, \$100.

The readers of this paper will be
pleased to learn that Catarrh is at
least one dread disease that
has been able to cure in all its
stages and that is Catarrh
Hall's Catarrh Cure is the only
positive cure now known to the
medical fraternity. Catarrh being
a constitutional disease, requires a
constitutional treatment. Hall's
Catarrh Cure is taken internally,
acting directly upon the blood and
surfaces of the system, thereby de-
stroying the foundation of the dis-
ease, and giving the patient
strength by building up the con-
stitution and assisting nature in
doing its work. The proprietors
have so much faith in its curative
powers that they offer one hundred
dollars for any case that it fails to
cure. Send for list of testimonials.

Rheumatism

What is the worst enemy the rheumatism
has? It is the doctor who says he can
cure it.

He knows that his sufferings are very
much like the tortures of the rack.
What he wants to know is what will per-
manently cure his disease.

That, according to thousands of grateful
testimonials, is
Hood's Sarsaparilla

It promptly neutralizes the acid in the
blood on which the disease depends, com-
pletely eliminates it, and strengthens the
system against its return. Try Hood's.

Mr. M. V. Dulin, the noted Short-
horn breeder of Crofton, after twenty-
years of successful breeding of
fine cattle, is preparing to close out
his herd and remove to this city.
While the Kentuckian is glad to
welcome to Hopkinsville a citizen
of Mr. Dulin's worth, it is neverthe-
less almost a calamity to the cat-
tle industry of Christian County, and
this section of the State, that he is
going to retire. His herd was al-
ways kept up to the fullest measure
of excellence, and his importations
embraced the best blood of Scot-
land and America. He built up
and fostered an interest in the
breeding of thoroughbred stock,
that has stimulated the industry in
all this section of the State. His
guaranty on an animal was accept-
ed as evidence of its merit, far and
wide, and during his long career
he bred and sold at fancy prices
many of the finest cattle in Ken-
tucky. The remainder of his herd,
including some of great excellence,
is now for sale and for the sake of
the county's welfare it is to be
hoped that his successors in busi-
ness may take up the good work
already begun by Mr. Dulin and
not let these fine cattle leave the
county. The north end of the coun-
ty especially can ill afford to lose
this industry.

Many former cadets of the Hop-
kinsville High School will learn
with sorrow of the untimely death
of their old teacher and captain,
Hon. F. D. Peabody, of Columbus,
Ga. His lovable character endeared
him to all who came in contact
with him and a separation of 25
years has not effaced the pleasant
memories of the noble-hearted young
man, who came to Hopkinsville a
stranger and left bearing with him
the respect and esteem of all who
knew him.

The second primary election in
South Carolina was held Wednes-
day, to decide the races not settled
in the first. Partial returns indi-
cate the nomination of D. C. Hey-
wood for Governor; A. C. Latimer
for Senator; Sloan for Lieutenant
Governor and the Secretary of
State's race too close to tell whether
Gantt or Wilson will win.

J. D. Woods, Kit Barnaby and
W. J. Campbell have been deposed
as leaders of the Union Miners in
the Western Kentucky coal district.
The new officers are Luther Rich-
ardson, President; Frank Arnold,
Vice President; and R. D. Shirley,
Secretary and Treasurer.

Arthur Goebel has asked that the
question of erecting a Goebel monu-
ment be indefinitely postponed.
With his murderers unpunished and
the lawyers and doctors suing the
dead Governor's estate for all the
inight, it looks like the surviving
brother's point is well taken.

One of the tigers with Wallace's
show got loose in Mayfield a few
days ago. It created great ex-
citement and came near being in-
dicted by the grand jury, while
roaming the woods with its eyes
open in that prohibition county.

The Committee in the Owensboro
judicial district, at the request of the
candidates, changed the date of the
primary election back to Nov. 4, re-
solving the order to postpone it to
Nov. 12.

President Roosevelt has returned
from his Southern trip. He did not
go as far as Tuskegee, Ala.

Several moves will soon take
place. Dr. E. L. Southgate will
move into the new Methodist par-
sonage on Campbell street. Dr. F.
P. Thomas will move into the cot-
tage on South Main to be vacated
by Dr. Southgate. Mr. M. H. Ten-
dy will go to house-keeping in the
cottage on Virginia street to be vacated
by Dr. Thomas.

versity of Mississippi, is the guest
of his father, Mr. J. O. Ferrell,

CAPT. PEABODY DEAD.

A Prominent Lawyer, Who Once Taught School Here.

Hon. Francis Downing Peabody, a well-known and prominent lawyer of Columbus, Ga., died recently in that city of Bright's disease, aged 47 years. Capt. Peabody, as he was known in this city, came to Hopkinsville upon his graduation and from 1876 to 1879 was connected with Maj. Ferrell's High school as professor and commandant of cadets. While here he read law under the late Judge G. A. Champin and was admitted to the bar. In June, 1879, he went to a law school in St. Louis and in 1881 returned to Georgia and after marrying Miss Myrtle Nelms, of Griffin, Ga., settled at Columbus, where he gradually rose to a position at the head of the local bar. He held numerous positions of honor and trust and had of late years been city attorney of Columbus.

Mr. Peabody was a gentleman of the highest type and his character is well defined in this extract from the resolutions adopted by the bar of Columbus:

"As a man his life was pure and upright; his integrity unimpeachable and with the courage of his convictions strong upon him, he dared to do right. As a husband he was tender, loving and devoted; as a friend, he was true and loyal; as a citizen, he was patriotic and broad-minded, ever seeking that which would be for the material, moral and intellectual progress of the city in which he lived."

GOOD HOUSES.

Lester Walter Stock Co. Playing to Large Audiences.

The Lester Walter Stock Company, which is holding the boards at Holland's Opera House this week, is playing to good houses each night. The company is a well balanced one and the presentation "The Fatal Wedding" last night was especially well received.

To-night the company will present "The Struggle of Life," one of the best plays in the troupe's repertoire. At Saturday's matinee "A Little Wail" will be presented. For Saturday night "My Old Kentucky Home" is on the bill.

To-morrow night \$10 in two prizes will be awarded.

DIED IN NASHVILLE.

Remains Interred in Hopewell Cemetery Tuesday.

He formerly lived in this city but had been in the employ of the L. & N. railroad company for several years with headquarters in Nashville. The remains were brought here Tuesday morning and the funeral was held at the residence of Mr. J. J. Moore, brother of deceased, on Jessup Avenue.

The interment took place in Hopewell cemetery.

CROFTON CITIZEN

Explains Some Points About L. & N. Survey.

Says There is No Apprehension And All is Serene.

Crofton, Ky., Sept. 9, 1902.—An article appeared in the KENTUCKIAN under the date Sept. 4, purporting to be written by a citizen of Crofton, in which it was stated, among other things, that the people of this town are very much exercised over the proposed removal of the L. & N. road-bed.

To the casual reader there is nothing in the article referred to that would seem to demand more than a passing notice, but to those who are acquainted with the facts, there are some statements made that can not be allowed to go uncontradicted.

In the outset the reader is led to believe that the people of Crofton are greatly alarmed lest the railroad be moved and their town be left an inland village with no attractions but a postoffice and blacksmith shop.

Surely the writer of that article has been deceived by the jesting remarks of our citizens in regard to the proposed change, because the matter has never been mentioned seriously, and seldom mentioned at all, except when some party who lives near where the engineers have been surveying comes in and discusses the subject with the town people.

The article then proceeds to show why the road was originally run where it is at present by saying that the company decided to avert to the west of the intended line in order to pass through the land of J. E. Croft. Here again the writer has been misinformed, or if he is trusting to his memory it has played him false, because it is a fact that can be easily established that J. E. Croft did not own a foot of land anywhere within the present town site when it was made known what route the railroad would take, but soon after the route was settled he bought the land of W. B. and T. M. Long, paying \$20 per acre for some of it and \$25 per acre for the rest.

The third and last error, and the one in which Crofton citizens are interested, is the statement that the L. & N. officials have been grossly offended by certain ordinances passed by the council. The truth of the matter is, however, that the L. & N. officials are, and have good reasons to be, on the very best of terms with the town officials. The L. & N. enjoys more privileges here than in any other town on the road.

Their trains go through here as fast as they want to; they stand over our crossings for hours at a time without being molested, and in regard to a man being fined for violating an ordinance against which the railroad protested, the gentleman can find out by asking any member of the council that the L. & N. officials requested the passage of the ordinance in question, and some of them have within the last few days expressed themselves as being well pleased at the enforcement of it.

Now, it is not believed that the writer of the article in last week's issue intended to create a wrong impression, or that he intentionally made inaccurate statements, but that he has been misinformed, and the sole purpose of this writing is to prevent a misunderstanding between the railroad people and the officials of the town of Crofton.

J. A. SIMPSON.
(Recently of Education, San Francisco.)

Hon. J. A. Simpson, Secretary of the Board of Education of San Francisco, Cal., writes:

"I have found Peruna an ideal tonic. Some months ago I suffered with neurasthenia (systemic catarrh), caused by too close application to office work. My system seemed worn out and I felt far from well. I found Peruna benefited me very much. It built up the entire system and made me feel like a new man. I believe it is well worthy the high praise bestowed upon it."—J. A. SIMPSON.

Systemic catarrh always gives fair warning of its approach. Catarrh can be easily warded off by the proper treatment. Floating brown specks before the eyes, mental confusion, fits of nervous headache, sleeplessness, flashes of heat, chilly sensations, palpitation, irritability, dependency; any of these symptoms or all of them should be promptly met by the use of Peruna.

Congressman E. V. Brookshire, from Indiana, in a recent letter from Washington, D. C., says:

"From what my friends say, Peruna is a good tonic and a safe cathartic cure."—E. V. Brookshire.

HIS PECULIAR STATUS.

A Frenchman Who Was Legally Dead Though Otherwise Much Alive.

"I am dead. I ought not to have offered myself as a witness but I had forgotten for the moment that I was dead." Such, according to a Paris correspondence of the London Telegraph, was the extraordinary speech uttered by an individual of substantial proportions, and evidently in the enjoyment of the best of health. There was a row between a couple of cabmen, and several bystanders, including the alleged dead person, who volunteered their services as witnesses. When, however, the policeman put to him the usual questions about his trade, etc, he was treated to this marvelous reply. There was a laugh all round, but the hero of the adventure repeated, with the utmost gravity, that this was really his legal status; indeed, he promptly produced a document setting forth that he had breathed his last in a hospital in South America in the month of January. "It is quite on record, so I am dead. But I am on my way to have reified, as you perceive, that, although legally dead, I am alive all the same," he added, and then he explained that some time ago he had been attacked at Bordeaux and robbed of his papers, which had been appropriated by one of his assailants, who had taken his name. This was the man who had expired at the hospital. Buenos Ayres, and, having ascertained the facts, and obtained a copy of the certificate of death, the speaker was proceeding to one of the suburbs where he had been born, to have the matter set to rights. His story so interested the cabmen that they became reconciled on the spot, and now he is alive, legally, as well as in the flesh, his little excursion in Boulogne-sur-Seine having had the desired result.

HISTORIC RELICS.

Chamber Set of British Commander at Lexington.

In New Haven, in a small room in one of its oldest houses is a collection of historical relics not generally known, even to historians, to be in existence, says the Boston Herald. It consists of the complete chamber set that belonged to Lord Percy, who commanded the British troops at Lexington, April 19, 1775, and which he used before leading his men out from Boston. The furniture, of great intrinsic value, also, includes one of the finest highboys of the revolutionary period, a four-post bedstead of the best wood, two chairs that are probably among the oldest chairs in this country, and a gilt-framed looking glass of Martha Washington.

The highboy is a rare example of its kind, and was brought over from England in 1770. It is made of mahogany, with brass handles, and fan-shaped, open-work decorations at top and bottom. The great four-post bedstead, made of black oak, is nine feet high, and its pink and white silk tapestries that cover the canopy and form the drapery for the back are rare in collection.

Horace Day, the owner of these valuable relics, is a well-known antiquary of New Haven, and one of the oldest living graduates of Yale university. The Lord Percy furniture descended to him from a long line of New England ancestors. During the war of the revolution the furniture was sent out from Boston to the house of a friend of the original owner, who presented it to Mr. Day's family. The mirror came to Mr. Day in an unusual way. A few years ago he received a letter from a clergyman in Salem, Mass., who said that Lord Percy's mirror had been given him by a friend, and he wished to send it to join the rest of the furniture.

Will Blossom the Year Round.

A horticulturist mentions a plant of the primrose family, *Primula obconica*, as the only one that can be had in flower all the year round. A large pot of this plant has flowered continuously for five years. The flowers are abundant, and were originally of a pale blue, but have been recently improved not only in size but in variety of color, white and many shades of blue and pink to deep rose being now obtainable. The cut flowers are pleasing for home decoration, while keeping fresh a long time in water. The plant thrives out of doors in summer, but requires hot-house protection in winter. The one objectionable quality is that both flowers and leaves poison the skin of some individuals.

Masculine Constancy.

Man's consistency permits him to take beer in winter to keep him warm and in summer to keep him cool.—N. Y. Herald.

Gold Dollars for 35c!

THE monopolistic tendency of the times is such that the small investor no longer has a chance to buy stock in the great trusts over the country and which pay enormous dividends. Mining, however, offers to the small investor in legitimately conducted companies that possess proprieties of merit, unexcelled opportunities for safe and extremely profitable investment. Hundreds of cases could be cited where small investments in honestly conducted mines have yielded quick and handsome profits on the investment. At one time you could have bought Calumet and Hecla for \$100 per thousand shares, now selling at \$650,000 per thousand. Did you buy Gold Coin at \$50 per thousand and which advanced to \$7,500 per thousand in less than three years? Did you buy LeROI, Homestake, Portland, Consolidated Virginia, Lamartine or any of the hundreds of other high priced stocks at the beginning? If not, perhaps you can recall instances where friends have done so.

The Consolidated Alpine

Of Idaho Springs, Colo., is an opportunity, not a chance; none of the above had better prospects at the beginning. Do not hold the dime so close to your eye that you cannot see the dollar that lies behind it. An intelligent investment by you shows your business sense. The only difference between you and men who have accumulated wealth is that they made their money by investing their dollars and you depend on the result of your labor or the sweat of your brow. Why not invest now? A small amount won't make or break you, and it will, without doubt, return you handsome profits on the investment.

The world famous Lamartine mine is today considered one of the greatest go'd mines in the world. Our property practically adjoins theirs, their shaft house being a little less than a mile from ours. The Lamartine has produced and is still producing its millions: there is marked similarity between their vein and the Alpine. The owners of stock in the Lamartine have been made rich by its production and their stock cannot be bought for love nor money. We honestly believe the Consolidated Alpine will do just as well, if not better, or we would not have invested our own money.

The Consolidated Alpine starts off with better prospects than did the Lamartine. It has the ore, the acreage, owning nearly two miles of the famous Alpine vein and there is no doubt but what it will prove equally, if not more, successful than did the Lamartine.

WILL SELL ONLY A FEW SHARES OF THIS STOCK!

The company will only sell a small amount of its treasury stock at 35c, because it has money in the treasury, but not quite enough to carry the underground workings as deep as we desire. Only enough of this stock will be put on the market to realize about \$10,000, and just as soon as that amount of stock is sold, the price will advance to 50c and the stock taken off the market.

USED DYNAMITE.

Safe Blowers Get in Their Work at Fairview.

The Fairview postoffice was robbed of \$80 in cash and about \$40 worth of stamps Monday night.

Burglars effected an entrance by prizing open the front door. Dynamite was then used in blowing open the safe, which was in the rear of the store house occupied by Mr. Frank Harned, who is also the postmaster at that place.

The safe was blown to pieces, but the building was not much damaged by the explosion.

Several people of Fairview heard the noise, but thought nothing more of the matter until morning, and the burglary was not discovered until Mr. Harned went to his store to open up.

The burglars broke into a back smith-shop near by and secured tools with which to operate.

The robbers left no trace.

RATES GO UP.

Insurance Trust announces Another Increase.

The Kentucky and Tennessee Board of Underwriters announces an increase of 25 per cent in the fire insurance rates for several classes of risks in Hopkinsville. The contents of buildings, including goods and personal property, and nearly everything except buildings, catches the raise. No reasons are given for the increase in rates. Hopkinsville has had fires of consequence since the waterworks system was put in several years ago and this increase brings the rates on many risks a point higher than they were when the city was without fire protection.

CHEAP INSURANCE

Causes a Batch of Suits To Be Brought.

Commonwealth's Attorney, W. R. Howels has filed eleven suits against life insurance companies and their agents doing business in Hopkinsville for sums aggregating \$5,500, alleging violation of State laws in cutting rates. The defendants are the Mutual Life Insurance Company of New York, and Justice Haile, the Equitable Life Insurance Society and Bailey Wilkinson, (six cases); the Manhattan Life Insurance Company and W. B. Pace, (two cases); the National Life Insurance Company of Vermont, and Bailey Wilkinson, and the Illinois Life Insurance Company and Jesse Bullard. The petition alleges that the agents of these companies advised as an inducement to place policies valuable considerations not specified in the policies, and accepted much less sums than the regular annual payment. Each defendant is sued for \$500.
